

Coalition on Homelessness
and Housing in Ohio
COHHIO

COHHIO is looking for few (more) good advocates!

- COHHIO wants to partner with you to ensure that housing issues are a priority in the new Statehouse and Congress. We are headed into the federal and state budget season where housing needs must be addressed. Like you, we are passionate about our mission. In order to be effective, we need your advocacy help. Together, we can gain larger budget allocations for housing needs. A cooperative grassroots effort can help bring homelessness and housing issues to the attention of policymakers and bring a better future for our constituents. Remember, we are most effective as a team!
- By signing the form below, you will be committing to becoming an **active advocate** by responding to action alerts and making phone calls to your representatives at the Statehouse and Congress. **Time required is less than ½ hour per month!**
