HOUSING OHIO 2017

Conference Agenda Monday, April 10

Morning Plenary: 9:30 am - 10:30 am

The Intersection of Housing & Health - Governor’s Ballroom

Dr. Megan Sandel, Associate Director of the GROW clinic at Boston Medical Center, kicks off the Housing Ohio 2017 conference on Monday morning with her unique insight into the effect of housing on health. Dr. Sandel has gained national attention with her research showing that housing insecurity can make you sick, literally.

Dr. Sandel likens access to a decent, secure home to a vaccination; just as vaccines in young children yield lifelong benefits for the individual and society, affordable housing is a form of preventive medicine that helps put a child on the right path.

Dr. Sandel, an Associate Professor of Pediatrics at the Boston University Schools of Medicine and Public Health, is a Principal Investigator with Children’s Health Watch. In 1998, she helped publish the DOC4Kids report, a national report on how housing affects child health, the first of its kind. Over the course of her career, Dr. Sandel has written numerous peer reviewed scientific articles and papers on this subject. She has served as the Medical Director of the National Center for Medical-Legal Partnership.

Morning Plenary: 9:15 am - 10:15 am

Washington Policy Panel: Nan Roman & Diane Yentel - Governor’s Ballroom

Homeless advocates and service providers are facing fundamental and far-reaching changes to funding, policy and priorities as the new president tries to shake up Washington. The White House has already proposed massive cuts to affordable housing and community development, and other safety net programs that are essential to ongoing efforts to end homelessness in Ohio and throughout the U.S. COHHIO welcomes two dynamic national homeless and housing advocates to help you understand how major policy shifts in Washington could affect the work you do in your community.

Tuesday’s morning plenary session features a panel discussion with Nan Roman, President and CEO of the National Alliance to End Homelessness, and Diane Yentel, President & CEO of the National Low Income Housing Coalition. The Alliance and NLIHC are two key organizations that have been working at the federal level for decades to maintain and expand the safety net for America’s most vulnerable during a time of transition and turmoil.

Nan Roman is a leading national voice on the issue of homelessness. Under her guidance, the Alliance has successfully identified and promoted innovative strategies for ending homelessness that have been adopted by communities across the country.

Diane Yentel, a veteran affordable housing policy expert and advocate, recently took the reins at NLIHC, an organization dedicated solely to achieving socially just public policy that assures people with the lowest incomes have affordable and decent homes.

Join us to hear about the latest developments on federal policy and funding that could affect everyone working to fight homelessness and increase affordable housing.
