

9/20/17

In the FY2017 CoC Competition, the Ohio Balance of State Continuum of Care (OH-507) did not reject or reduce any **renewal** CoC project applications. It should be noted that Zanesville Metropolitan Housing Authority notified the BoSCoC on August 8, 2017 that they would not be renewing their *Zanesville Metropolitan Housing Authority (ZMHA) Shelter Plus Care TRA Program* grant.

In the FY2017 CoC Competition, the Ohio Balance of State Continuum of Care (OH-507) provided the opportunity for new PSH projects to submit proposals for consideration. The BoSCoC also encouraged existing TH providers to convert projects to PSH or RRH through the reallocation process. After review of the project applications by CoC staff and the BoSCoC Steering Committee, the BoSCoC Board decided to move forward with the two submitted project conversions but determined that none of the new PSH project proposals met the criteria outlined by the BoSCoC. All applicants were notified of the Board's decision on 7/24/17. The attached documents provide evidence of the process, timeline, and other requirements pertaining to the submission of new project applications and of notification to applicants of the Board's decision.

Additionally, the Ohio BoSCoC notified renewal projects that they would be accepted and ranked in the FY2017 CoC Competition in the following ways – On 3/8/17, CoC staff hosted a webinar to share the process for FY17 CoC renewal project evaluation, identify CoC Board's project priorities, and introduce reallocation opportunities. In that webinar the CoC indicated that all renewal CoC projects would be ranked and renewed in the FY17 CoC Competition, if they desired. On 6/6/17, CoC staff posted on the CoC's website and emailed the CoC listserv to notify all renewal CoC projects that the final project evaluation results and project ranking were available for review; this included communicating that no renewal projects were rejected. The CoC also worked individually with every renewal CoC project to review project applications and provide feedback to ensure applications were correct and successfully submitted in e-snaps (see screen shots below for sample communication with grantees). Those communications occurred between 8/11/17 and 9/1/17 – the window in which all renewal grantees were required to submit renewal project applications for review to CoC staff, and the final date by which they were to submit them in e-snaps.

Finally, on 8/21/17, CoC posted to the CoC's website meeting notes from the CoC Board meeting where final project ranking was approved; again showing that no renewal CoC projects were rejected or reduced.

The documents in this attachment provide evidence of the BoSCoC's FY2017 CoC Competition process, notification to project applicants, posting of the CoC project listing and ranking, and public sharing of various other FY2017 CoC Competition materials.

Notified: Erica Mulryan

To: lisa.day@colemanservices.org

Ohio BoSCoC staff have reviewed your renewal application and are approving it for submittal in e-snaps.

We ask that you take the following steps:

1. Make sure that you have uploaded match documentation in e-snaps: although this is not a requirement of the application process, the HUD field office requests that you do so in order to facilitate their review of your project application.
2. In e-snaps, hit the "Submit" button to finalize the application process.
3. Respond to this email, letting us know that you've submitted your application.

Reminder: Final applications must be submitted in e-snaps no later than September 1, 2017.

If you have any questions related to the FY2017 CoC Competition, please contact us through this email address or by phone at: Erica Mulryan (614) 280-1984 ext. 118 or Barbara Miller (614) 280-1984 ext. 135.
