

Unsheltered Provider.

Use the unsheltered provider when:

1. A household living on the land or on the street is unwilling or unable to be referred immediately to shelter and is remaining unsheltered

AND

2. Household is not a PATH Street Outreach client

Connecting Unsheltered Households to Housing

- Enter as much information as the household is willing to share, including where or how to follow up with them
- Follow up regularly with the household and update their record so their information is correct in CE Prioritization Reports
- Work with permanent housing providers and landlords to advocate for unsheltered households
