Subject: **Stay at Home Order signed 3/22/20**

The Stay at Home Order announced by Gov. Mike DeWine specifically exempts victims of domestic violence and "human services operations," which include domestic violence programs. The order's first item states: "Individuals whose residences are unsafe or become unsafe, such as victims of domestic violence are permitted and urged to leave their homes and stay in a safe alternate location."

We understand that orders governing our work continue to change rapidly and want to give you the most up-to-date and relevant information possible to help your programs remain ready to serve survivors in this time of need. Reports of domestic violence and severe child abuse are up all around the country. Our work to help adult and child domestic violence victims get and stay safe is even more critical now than it has ever been. We are also mindful that staff and clients need the most up-to-date information to stay well. Please continue to check [here](#) for the most current health information.

ODVN can help strategize which non-shelter-specific functions your staff can be performing remotely and how best that can be done to preserve access, confidentiality, and safety. Please reach out to our staff at any time for assistance.
