# Definition of Homelessness Prevention

- Homeless Prevention (HP) programs provide housing stabilization services and short/medium-term rental assistance, as necessary, ***to prevent entry into literal homelessness***, including to an emergency shelter or an unsheltered location

# Definition of Homelessness Prevention

Homelessness Prevention must consist of these core components

1. Financial assistance
2. Case management/Supportive services
3. Prioritization

**Eviction Prevention** is not HP as it does not target those closest to literal homelessness

# Targeting Homeless Prevention

Set rehousing and prevention goals for populations in high-risk settings

- Unsheltered populations
- Shelters with congregate sleeping areas
- People exiting non-congregate shelters
- Those at risk of losing their housing and entering unsheltered/congregate shelter settings

# Primary Prevention

Primary Prevention strategies aim to **reduce individual and structural risk factors** that contribute to homelessness and **increase protective factors** that shield against homelessness.

- Universal Strategies
- Selected Group Strategies
- Indicated Group Strategies

**Target population.** groups or populations with a high risk of homelessness as members of a protected class

**Goal.** Keep marginalized populations housed, targeting assistance to those who face significant structural barriers. These methods will reduce racial disparities.

# Secondary and Tertiary Prevention

- Secondary Prevention, [Diversion](#)
  - Goal. Provides a [safe alternative](#) for people who are seeking shelter or are moving to an unsheltered location.
  - Target population. Households at the “[front door](#)” of [the homeless response system](#).
- Tertiary Prevention
  - Goal. [End chronic homelessness](#).

# Best Practices

## GENERAL HOMELESS BEST PRACTICES

### Housing First

Housing First programs operate under the assumption that everyone is ready for housing.

### Harm Reduction

Harm Reduction is a set of practical strategies and ideas aimed at reducing negative consequences associated with drug use.

### Trauma Informed Care

Trauma-informed care focuses on an understanding of the vulnerabilities and triggers of trauma survivors so that we can be more supportive and avoid re-traumatization.

### Progressive Engagement

Progressive Engagement supports families/Individuals to quickly resolve their housing crisis by tailoring services, offering the minimal amount of resources and increasing as needed.

## Core Components

### FINANCIAL ASSISTANCE

Activities associated with determining the amount and duration of rental assistance and other financial assistance that is provided to HP clients, and the activities associated with making payments for rent, utilities, and move-in assistance.

### CASE MANAGEMENT & SERVICES

Providing individualized case management to HP clients in order to help them obtain and move into housing, stabilize in housing, and determine when the HP assistance can be terminated. Involves a blend of assessment and coordination of services.

### HOUSING IDENTIFICATION ASSISTANCE

Working with landlords and/or property managers to expand and retain HP housing options, and with HP clients to overcome housing barriers and identify housing options.

### PRIORITIZATION

Prioritizing assistance for individuals and families with the greatest needs and who are closest to literal homelessness while ensuring all resources are allocated equitably and consistently

# Homelessness Prevention Core Component:

FINANCIAL  
ASSISTANCE

The HP **Financial Assistance** core component is comprised of activities associated with determining the amount and duration of rental assistance and other financial assistance that is provided.

# Homelessness Prevention Core Component: **Financial Assistance**

FINANCIAL  
ASSISTANCE

Two key principles of Financial Assistance are:

- Assistance needs to be flexible and matched to the needs of the client
- Least amount of assistance possible to stabilize.

# Homelessness Prevention Core Component:

## Overview:

Activities associated with working with landlords and/or property managers to expand and retain HP housing options, and activities associated with working with HP clients to overcome housing barriers and **identify housing options**.

HOUSING  
IDENTIFICATION  
ASSISTANCE

# HP Core Component: Housing Identification

HOUSING  
IDENTIFICATION  
ASSISTANCE

Two parts of Housing Identification  
are working with:

- Landlords
- Clients

# HP Core Component:

## Overview:

The HP **Case Management and Services** core component is comprised of providing individualized case management to clients in order to help them obtain and move into housing, stabilize in housing, and determine when assistance can be terminated.

CASE MANAGEMENT &  
SERVICES

# HP Core Component: Case Management and Services

CASE MANAGEMENT &  
SERVICES

- Housing plans developed collaboratively with clients
- Strengths-based approaches
- Identify possible housing units
- Community-based
- Low case loads

# HP Core Component:

PRIORITIZATION

HP projects **prioritize assistance** for individuals and families with the greatest needs and who are closest to literal homelessness

# HP Core Component: Prioritization

PRIORITIZATION

HP projects should use Targeting Tool to determine which households should be prioritized for assistance. These factors to consider should include:

- Little or no income
- Previous episodes of homelessness
- Previous evictions
- Residing in temporary, doubled up situations
- Having young children or being pregnant
- Experiencing recent income loss
- Zip codes/Neighborhoods

# LAHSA Youth Homelessness Tool

STEP 1: Determine Eligibility & Priority for Homelessness Prevention Assistance				
Household is at imminent risk of literal homelessness. Without prevention assistance the household will experience literally homelessness within the immediately preceding month (i.e. either living in a place not meant for human habitation or residing in an emergency shelter or transitional housing facility intended for persons and households who are homeless).			Check if Applicable	Point Value
1.	Housing Status (Select only one below)			
1a.	If <b>DOUBLED UP</b> , the household has been told by the lease holder to vacate the unit. Program staff has verified with lease holder that prospective PRV participant is no longer welcome and must vacate. Prospective participant lacks the resources to secure alternative housing arrangements.	<input type="checkbox"/>	5	
1b.	If <b>LEASE HOLDER</b> , the household has received an Unlawful Detainer ("Eviction") lawsuit by the property owner or manager. An Unlawful Detainer is a formal eviction action that is filed in justice court. Program staff has verified with property owner/manager that prospective PRV participant has received notice to vacate. Prospective participant lacks the resources to secure alternative housing arrangements.	<input type="checkbox"/>	5	
1c.	Currently fleeing or attempting to flee domestic violence, dating violence, sexual assault, or other dangerous or life-threatening conditions that relate to violence against any household member.	<input type="checkbox"/>	5	
1d.	Staying in a hotel in which youth is paying out of pocket, but can no longer sustain in the unit due to costs. Agency staff have verified with youth costs of increase in hotel, debt to cost ratio, applicable after a certain amount of days paying out of pocket. Prospective participant lacks the resources to secure alternative housing arrangements.	<input type="checkbox"/>	5	
2.	Imminent loss of current housing. Loss of housing means the prospective household will experience literal homelessness – either on the streets or staying in an emergency shelter. Imminent loss of current housing must be verified with a 'pay or vacate' notice, ledger record of past due rent, or court paperwork showing the prospective PRV participant is at risk of losing housing. (Select only one below)			
2a.	Have failed to respond to the Unlawful Detainer notice within 5 days of the court hearing or have received a court ruling with a date the person must move out.	<input type="checkbox"/>	5	
2b.	Have been served an Unlawful Detainer requiring court response or have an already determined court date.	<input type="checkbox"/>	4	
2c.	Have received 3-day pay or quit notice with more than one month of rent owed.	<input type="checkbox"/>	3	
2d.	Have received 3-day pay or quit notice with less than one month of rent owed.	<input type="checkbox"/>	2	
 If none of the items from STEP 1 are applicable and person scores a 0, adult does not meet eligibility requirements. Refer to community resources.			<b>SUBTOTAL:</b>

# Columbus and Franklin County Homelessness Prevention Network Demonstration

## Homelessness Prevention Network (HPN) Model

The HPN connects families at imminent risk of literal homelessness within 14 days with community partners and resources to stabilize families and avoid literal homelessness. HPN partners can be Access Points or HPN Service Providers (also serving as Access Points).

HPN partners identify high risk families using a standardized screening protocol and immediately offer such families housing-focused problem-solving assistance. HPN Service Providers prioritize access to housing stabilization resources, such as financial assistance or food pantry resources, for high risk families they identify or who are referred to them from another Access Point.

Access HPN access points and service providers collaborate based on a shared MOU among HPN partners to facilitate referrals and prioritize access to assistance.

# Columbus and Franklin County Homelessness Prevention Network Demonstration

## Components:

*Brief Standardized Screening:*  
Standardized homeless risk typology and brief screener, including web-based screening and referral tool developed by ESRI.

*Housing-Focused Problem-Solving:*  
HPN partner staff trained on screening; strength-based, housing-focused problem solving; and connecting families to targeted and non-targeted community resources.

*Response & Referral Guidance:*  
Standardized response and referral guidance for staff based on risk level and customized for each access point and targeted populations.

*Prioritized Access to Housing Stabilization Resources:* Prioritized referrals among HPN partners for risk level 3 families to target and expedite access to needed prevention resources.
