Agenda

• Background and Introduction
• Overview of HP Standards
• HP Targeting Tool
• Plans for Continuous Quality Improvement
• HP and Coordinated Entry
• Expectations and Timeline for Compliance
• Connection with other BoSCoC Requirements and System Planning Efforts
Background and Introduction

Purpose of HP Standards

• Meet HUD requirements to develop written standards for ESG funded HP programs
• Ensure more consistent use of best practices
• Standardize program design and implementation across the Ohio BoSCoC homeless system
• Provide basic program administration guidance
• Provide guidance to projects newly funded by HUD’s Emergency Solutions Grant Program under the CARES Act (ESG-CV)
Background and Introduction

How the **HP Standards** were developed

- CoC drafted HP Standards based on existing RRH Standards
- Informal review by HP providers, ODSA, and CoC Board members
Background and Introduction

Who the **HP Standards** apply to

- All Ohio BoSCoC HP projects funded by HUD or Ohio Development Services Agency (ODSA), including:
  - Homeless Crisis Response Program (HCRP) HP
  - Emergency Solutions Grant (ESG) HP
  - Emergency Solutions Grant - Cares Act (ESG-CV) HP
- Other HP projects
  - OHFA’s Emergency Housing Assistance Program
  - Housing Now for Homeless Families (TANF-funded HP/RRH)
- These HP Standards do not apply to VA-funded SSVF RRH providers
Background and Introduction

HP Standards are part of the Ohio BoSCoC Homeless Program Standards

Agenda

• Background and Introduction
• Overview of HP Standards
• HP Targeting Tool
• Plans for Continuous Quality Improvement
• HP and Coordinated Entry
• Expectations and Timeline for Compliance
• Connection with other BoSCoC Requirements and System Planning Efforts
Definition of Homelessness Prevention

- HP programs provide housing stabilization services and short/medium-term rental assistance, as necessary, to prevent entry into literal homelessness
- Comprised of two core components:
  - Case management and supportive services
  - Financial assistance
Overview of HP Standards

How HP Standards are organized

• Organized around two core components of HP:
  • Case management and supportive services
  • Financial assistance
• Overarching standards and requirements
• Data Collection, Monitoring, Reporting
• Modeled after RRH Standards
Overview of HP Standards

How **HP Standards** are organized

- **BEST PRACTICES** highlight practices that providers may not be able to implement now, but that are something to strive for
  - Example: home-based case management

As needed, accompany clients in efforts to identify possible housing options
Where resources are available, provide transportation assistance to clients to aid in housing options search, if needed

**BEST PRACTICE:** Except during the COVID-19 pandemic, when possible, HP projects provide case management services in the client’s home.

**REQUIREMENTS:**
- Case management staff strive to meet with every client in their home at least once during the time they are being assisted by the HP project
- Where HP projects are unable to provide in-home case management services for all clients, projects prioritize home visits for clients with higher needs or potential need for longer term assistance
- HP projects have policies and procedures that address staff safety while doing home-based case management
  - Please refer to the Program Staffing and Training section of this document for more details about staff training and safety planning

**STANDARD B.4:** If providing home-based case management services, HP projects ensure safety of program staff

**REQUIREMENTS:**
- HP projects adhere to all of the following practices to help ensure safety of staff:
HP Core Component: Case Management and Services

Overview

Providing individualized case management to HP clients to help them stabilize in housing. Effective case management involves a blend of assessment and coordination services provided throughout the client’s time in the project, and tailored to client needs as they pertain to retaining permanent housing.
HP Core Component: Financial Assistance

Overview

Activities associated with determining the amount and duration of rental assistance and other financial assistance that is provided, and the activities associated with making payments for rent, utilities, and move-in assistance.
HP Core Component: Financial Assistance

Two key principles of Financial Assistance

• To the extent feasible, financial assistance needs to be flexible and matched to the needs of the client in order to help clients stabilize in permanent housing as quickly as possible.

• In order to serve the largest number of homeless clients possible, HP projects should provide the least amount of assistance possible to stabilize people in permanent housing quickly.
Overview of HP Standards

Key HP Standards

• Overarching Standards and Requirements:
  • *STANDARD A.1*: HP projects serve individuals and families who are at imminent risk of losing their housing and lack the income and/or supports to prevent their homelessness on their own, or who are at-risk of homelessness.
Overview of HP Standards

Key HP Standards

• Overarching Standards and Requirements:
  • STANDARD A.3: HP projects prioritize assistance for individuals and families with the greatest needs and who are closest to literal homelessness
  • REQUIREMENTS:
    • HP projects use the HP Targeting Tool (Households with Children, Households without Children, Youth) to determine which households should be prioritized for assistance. The HP Targeting Tool assigns higher scores to those with greater risk factors for literal homelessness
Overview of HP Standards

Key HP Standards

• Overarching Standards and Requirements:
  • STANDARD A.7: HP projects provide rental assistance only for units that meet safety and cost standards
  • REQUIREMENTS:
    • Unit Inspections (Habitability)
    • Rental Payment Amounts
      • Rent Reasonableness
      • Fair Market Rent
        • Temporary waiver
        • ESG-CV funded HP projects may exceed FMR
    • Lead-Based Paint
Overview of HP Standards

Key HP Standards

• Case Management and Services Standards and Requirements:
  • STANDARD B.1: HP projects provide comprehensive case management and services
  • REQUIREMENTS:
    • HP projects engage in the following case management and services activities:
      • Services to help stabilize in housing
      • Services to help obtain and move into housing, if needed
      • Close out the case
Overview of HP Standards

Key HP Standards

• Case Management and Services Standards and Requirements:
  • STANDARD B.5: HP clients are required to meet with case management staff at least monthly
  • REQUIREMENTS:
    • HP projects require clients to meet with program staff monthly for a Case Management meeting. In these meetings, program staff and clients address all of the following:
      • Determine if ongoing financial assistance is needed
      • Calculate the amount of financial assistance to be provided the next month, if needed
      • Ensure clients are still residing in assisted unit
      • ESG-CV funded HP projects are exempt from this requirement
Overview of HP Standards

Key HP Standards

• Case Management and Services Standards and Requirements:
  • STANDARD B.12: HP projects follow a formal written process when involuntarily terminating assistance for a client
  • REQUIREMENTS:
    • HP projects’ termination policy/process must consist of the following, at minimum:
      • Provide clients with a written copy of the program rules and the termination process before providing assistance
      • When seeking to proceed with termination of assistance, provide written notice to the client containing a clear statement of reasons for termination
      • Provide clients the opportunity to present written or oral objections to the recommended termination before a person other than the staff person (or a subordinate of that person) who initially made or approved the termination decision
Overview of HP Standards

Key HP Standards

• Financial Assistance Standards and Requirements:
  • STANDARD C.1: HP projects offer comprehensive Financial Assistance services
  • REQUIREMENTS:
    • HP projects are able to offer the following Financial Assistance services, although not all of the following services will be offered to every client (services are based on need):
      • Rental Assistance
        • Amount and duration of assistance is individualized, to the extent practicable
        • Max duration of assistance is 24 months
        • For ESG-CV, max duration of assistance is 12 months
      • Financial Assistance
        • Amount and type of financial assistance is individualized, may include:
          • Security deposits (up to 2 months of security deposits)
          • Utility deposits and payments (up to 24 months, including up to 6 months for payments in arrears)
          • One-time rental arrears payments for no more than 6 months of rent in arrears
          • Rental application fees
          • Moving costs
          • Landlord incentives
Overview of HP Standards

Key HP Standards

• Financial Assistance Standards and Requirements:
  • STANDARD C.3: HP projects provide rental assistance for a duration of time that is tailored to individual need
  • REQUIREMENTS:
    • HP projects funded by ESG-CV may provide no more than 12 months of rental assistance to any one client
    • HP projects funded by ESG may provide no more than 24 months of rental assistance to any one client, over a 3-year period
Overview of HP Standards

Key HP Standards:

• Financial Assistance Standards and Requirements
  • STANDARD C.4: HP projects may provide landlord incentives as reasonable and necessary to obtain housing for clients
  • REQUIREMENTS:
    • Eligible landlord incentives include:
      • Signing bonuses equal to up to 2 months of rent
      • Security deposits equal to up to 3 months of rent
      • Paying the cost to repair damages incurred by the client not covered by the security deposit or that are incurred while the client is still residing in the unit. These costs may not exceed 3 times the rent charged
      • Paying the costs of extra cleaning or maintenance of a program participant’s unit or appliances. These costs may not exceed 3 times the rent charged

HP Targeting Tool

Targeting Tools

- Households with Children
- Households without Children
- Youth

- Assign scores based on risk factors for literal homelessness
- Grounded in concepts of racial equity
- Prospective clients must meet threshold score to be eligible for HP assistance
- Tool may be updated over time

Homeless Prevention Targeting Tool - Households with Children

Instructions
This tool should be used with households with dependent children, including parenting youth ages 18-24.

This tool should be completed by the HP program during the eligibility determination process. Households who meet income and homelessness status eligibility, but do not meet the targeting criteria threshold score, should be offered brief problem-solving or case management assistance as needed. Financial assistance is only provided to eligible households who pass the targeting criteria threshold score.

Screening Date

Head of Household First Name

Head of Household Last Name

Eligibility Conditions

Household must meet requirements for Very Low Income Status AND Immunity At-Risk of Literal Homelessness detailed in next two tables.

Very Low-Income Status

Requirement Met

Requirement (Select one to meet requirement)

Yes

No

Table 1: CCHAP
Household’s gross annual household income is less than 30% Area Median Income for household size.

Household size

30% of Area Median Income for household size

Household’s Total Annual Gross Income (All Sources)

Table 2: ENH-CV
Household’s gross annual household income is less than 50% Area Median Income for household size.

Household size

50% of Area Median Income for household size

Household’s Total Annual Gross Income (All Sources)

*Area Median Income Limits are also referred to as Income Limits and can be found at this link: [https://ohio.desprovisioning/limits.html](https://ohio.desprovisioning/limits.html)

HP and Coordinated Entry

STANDARD A.2: HP projects accept referrals only through their Homeless Planning Region’s Coordinated Entry (CE) system, and following the region’s CE Policies and Procedures

REQUIREMENTS:

- HP projects only serve individuals/families that first contacted the local CE Access Point (AP), were screened for diversion, and ultimately referred to the HP project
- Unless otherwise agreed upon locally, HP Targeting Tools are completed by the HP project as part of the eligibility determination process, not by the CE AP.
