What is SOAR?

SOAR stands for SSI/SSDI Outreach, Access, and Recovery.

SOAR is for people who are experiencing or at-risk of homelessness.

SOAR is a model for assisting individuals to apply for Social Security disability benefits.

SOAR has been sponsored by SAMHSA in collaboration with SSA since 2005.

50 states are currently participating.
Why is SOAR Important?

The SSA application process is often overwhelming and time consuming.

People experiencing homelessness are often denied for reasons unrelated to their disability or lack thereof.

SOAR provides access to housing and healthcare, increasing the likelihood of stability for anyone at-risk or experiencing homelessness.

SOAR decreases the chances of homelessness for those exiting institutions.

Social Security’s Definition of Disability

• A medical condition or combination of impairments preventing **substantial gainful activity (SGA)** for at least 12 months, or expected to result in death.
• SGA in 2020 = $1260/month ($2110 if blind).
• Everyone 18+ is under this definition, even if remaining in high school through 22.

Overview of Retirement Benefits
To qualify for a Social Security retirement benefit, you need:

• 40 credits (10 years of work) = guarantees a retirement benefit.
• In 2020, 1 credit is $1410, 4 credits/year = $5640.
• Having 40 credits also qualifies you for free Medicare Part A.

Your benefit amount is an average of your lifetime W-2 earnings - you can see how we calculate benefits at www.ssa.gov/planners/calculators.
Benefit Options: Elect Between 62 - 70

• Reduced benefits = as early as age 62
• Unreduced benefits at Full Retirement Age (FRA) = age 66-67
• Delayed Retirement Credits (DRC’s) = you get a higher monthly benefit by waiting to collect past your FRA, up until age 70
Monthly Benefit Amounts Differ Based on the Age You Decide to Start Receiving Benefits

Note: Reduction is typically permanent.
Factors To Consider – Work and Retirement

- We have work limits (aka “Annual Earnings Limits”) until the month of your Full Retirement Age!
- Most people working fulltime CANNOT receive Social Security until they reach the FRA month or stop/decrease work.
- Work for Social Security = gross wages or net self employment.
- Work is NOT income from VA, investments, pensions or 401K disbursements, annuities, interest or dividend payments, capital gains, home sale profits, unemployment, or your spouse’s earnings.
SSDI Benefits and Retirement

- You can file for disability all the way through full retirement age – it is not an option for those past FRA.
- It should be considered even if person elected reduced retirement, but has become disabled.
- Reminder that monthly work must be under the SGA limit ($1260/month gross in 2020). Note: unemployment, short/long term disability payments, annual personal leave, vacation/sick days, administrative leave, etc = not work!
- SSDI converts in name only to “retirement” at the full retirement age. The amount does not change, but all SSDI beneficiaries have no work limits after FRA!
SSI Benefits and Retirement

- Need-based SSI redeterminations screen for potential retirement/spouse/widow benefits, but the beneficiary can call Social Security if there is potential eligibility.
- SSI recipients must apply for any benefits which may be available, including reduced retirement, VA, etc.
- SSI is based on AGE only at 65 – no disability determination is needed if the person meets other SSI criteria.
- All work must be reported by SSI recipients at ANY age, the SSI monthly amount is based on other income.
Factors to Consider – Non-FICA Public Pensions

- Windfall Elimination Provision (aka WEP or Windfall) applies if you have 40 Social Security credits and a pension from a non-FICA system such as the old Civil Service Retirement System, OPERS, STRS, SERS, and Ohio Police/Fire.

- In this case, you are guaranteed a benefit, but Windfall will lead to a reduction in Social Security for most public pension recipients.

- mySocialSecurity and the Retirement Estimator/Calculator DO NOT figure the Windfall! Use the WEP calculator for an accurate estimate at www.ssa.gov/planners/retire/gpo-wep.html or type “Windfall Calculator” in search box.
When You Are Ready to Apply

• You can apply for benefits 4 months in advance.
• 3 application options:
  - Online
  - By phone 1-800-772-1213
  - At our office: Not available at present due to pandemic
• Track your application status via mySocialSecurity.
• The application will allow you to select the month you start the online application plus the next 3 months – you elect when to start.
When to Start Retirement Benefits for John Public

It's your choice when to start retirement benefits. The earlier the date you start your benefits, the smaller your benefit. The later the date you start to receive benefits, the larger your benefit. This is an important decision, with several factors to consider before you choose the month your benefits should start.

More Info

If you have applied for, or are currently receiving, Supplemental Security Income (SSI), you must select the earliest possible month that you are eligible for benefits. An SSI recipient is required to pursue all other benefits when first eligible.

We have an estimator that can show you what your benefit amount will be under various scenarios. You may wish to end this session and go there now. You will be able to return and continue where you left off. The information you have already entered will be saved.

We need to know when you want to start benefits.

Do you want benefits to start in 03/2020?

- Yes  - No (Your other available options are 04/2020 to 07/2020.)

What date should benefits start?

- 04/2020
- 05/2020
- 06/2020
- 07/2020

Tell us know if there is a specific reason for this date.

- No longer working

If you are full retirement age and we determine that you are eligible to receive both a retirement benefit and a spouse's benefit, you may choose to...
When Do Retirement Benefits Start?

- Normally, an application is processed in approx. 4 weeks.
- Benefits are paid in the following month – so if I elect January 2021 as my month to start retirement, the deposit will come in Feb 2021.
- Payment is 2\textsuperscript{nd}, 3\textsuperscript{rd} of 4\textsuperscript{th} Wed. of the Month, depending on your date of birth. \url{https://www.ssa.gov/pubs/EN-05-10031-2020.pdf}. However, if someone gets SSI or Medicaid, payment will shift to the 3\textsuperscript{rd} of each month.
- A 1099 is sent annually to all Social Security recipients. Will you pay tax? That is an IRS issue, please see \url{www.irs.gov} publication 915.

Notifying SSA and Applying for Survivor Benefits

• In most cases, funeral homes report electronically to SSA.

• If you get retirement or disability benefits on your own record – or if you aren’t sure if you qualify - contact SSA to see if you qualify for a higher benefit as a survivor and apply.

• If you are not getting benefits, contact us promptly for an appointment to see about surviving spouse/children.
• Generally, the one time Lump Sum Death Payment ($255) is paid to the surviving spouse who was living in the same household as the deceased. If there is no eligible surviving spouse it may be paid to the deceased children in certain circumstances.

• Social Security benefits paid are for the previous month. If your loved one passes before the month ends, any benefits received the following month should be returned to SSA.
Medicare Eligibility

- Age 65
- After 24 months of SSDI
- ALS
- Kidney failure
A Note on ESRD Medicare

- A beneficiary can receive ESRD Medicare from a non-retired spouse or parental record!
- To apply, call SSA as ESRD Medicare is NOT an online application.
- Dialysis centers usually assist patients with the process.
- For cash benefits, a person has to complete a regular disability application.
- See www.medicare.gov/manage-your-health/i-have-end-stage-renal-disease-esrd.
Social Security is the Gateway into Medicare Parts A/B

**Part A - Hospital Insurance**
- Covers most inpatient hospital expenses
- No monthly premium for almost all Americans**
- Mandatory once you are on benefits and age 65+

**2020 Part A Premium for those without Social Security credits or a spouse/parent without credits - $458/month ($252 for some if they have partial work credits).**

**Part B - Medical Insurance**
- 2020 standard monthly premium $144.60*
- Premium is deducted from benefits
- Not on benefits? Premium is normally billed quarterly from CMS, or sign up for bank account debit through Medicare Easy Pay at www.medicare.gov

*Higher income beneficiaries may pay more*
Enrolling in Medicare A/B with SSDI

• No application is needed if on benefits. Part A and B will begin **automatically** with the 25\textsuperscript{th} month of SSDI payment. Welcome to Medicare packet should arrive 6-8 weeks ahead.

• A person who has enrolled in A/B with SSDI does NOT have to re-enroll at age 65 – however, we would recommend a beneficiary review Medicare market options at age 65 with OSHIIP.

• If a person dis-enrolls in Part B with SSDI, they can re-enroll without a penalty in the age 65 Initial Enrollment Period (IEP).
Medicare A/B Enrollment

Automatic Enrollment
Anyone receiving a Social Security benefit prior to age 65 is automatically enrolled in Medicare A & B at age 65.

Initial Enrollment Period
Begins 3 months before your 65th birthday and ends 3 months after that birthday.

General Enrollment Period
January 1 – March 31

Special Enrollment Period
If 65 or older and covered under a group health plan based on your – or your spouse’s – current work.
Medicare Part A/B Initial Enrollment Period (age 65)

• **Automatic** enrollment if you are receiving Social Security benefits at age 65. No appointment or application needed.

• Not on Social Security at age 65? What health insurance do you have?
  - If you are covered under retiree insurance (ie. Tricare, FEHB for retirees), COBRA, ACA, or are uninsured – apply for Medicare A/B 3 months before 65 at [www.ssa.gov/medicareonly](http://www.ssa.gov/medicareonly) or contact Social Security.
  - If you are covered under your (or spouse’s) active employer group health plan, you may delay A/B past 65 with the Special Enrollment Period = SEP.
Medicare Part B – Special Enrollment Period (SEP)

- You can delay A/B while you or your spouse have active group employer health insurance.
- With the SEP, you apply for Medicare when you or your spouse stop work - you have a grace period of 8 months after stopping work to file without a penalty.
- You can complete the Part B SEP process up to 3 months in advance of when you want the Part B to begin by:
  - Filing online and uploading the forms at www.ssa.gov/Medicare-PartB-SEP
  - Faxing the forms to 1-833-914-2016.
  - Contacting your local office at www.ssa.gov/locator.

Note: Apply for free Part A only at age 65 if you have traditional employer health insurance (not HDHP/HSA).
Part B – General Enrollment Period (GEP)

- If you missed the age 65 IEP and/or SEP, you can sign up between January 1- March 31 each year during the GEP.

- Coverage won’t start until July 1 of that year.

- You will most likely have a Part B premium penalty. for late enrollment- penalty is 10% of the premium added for every 12 months you failed to enroll.

- Only way to get around the penalty is qualifying for low income Part B Medicare Premium assistance through local OH Job and Family Services office.
Medicare Part B Premium Assistance

- Ohio Job and Family Services administers the Medicare Savings Program aka Medicare Premium Assistance Program (MPAP) aka Qualified Medicare Beneficiary Program aka QMB, SLMB, Q1 or Part B Assistance.
- JFS then pays for Part B premium – can apply at ANY time, even if years have gone by since rejecting Part B.
- See 2020 guidelines at https://insurance.ohio.gov search “Medicare Savings Programs”.

JFS then pays for Part B premium – can apply at ANY time, even if years have gone by since rejecting Part B.

See 2020 guidelines at https://insurance.ohio.gov search “Medicare Savings Programs”.
SSA cannot start or stop QMB, the data share comes from Ohio JFS. Anyone who has qualified for free Part A also has Part B – even if they refused it or lapsed in payment - and “reinstate” Part B via JFS.

If someone has no credits and has never applied for Medicare (ie- SSI beneficiary turning age 65), JFS will normally refer the person to SSA for a “Conditional Part A Medicare” application.

Only Part A is conditional – meaning CMS will not bill if Part A QMB is denied by JFS. Part B is never conditional, the premium is due even if QMB is denied.
Other Parts of Medicare – Through Private Companies

- Part C – HMO/Medicare Advantage Plans which include drug plans
- Medicare Supplement Plan – aka Medigap
- Part D – Drug Plans

“Extra Help” Income and Resource Guidelines 2020

• You may qualify for Extra Help (aka low-income subsidy) if your annual income and total resources are below these limits.

• What counts as Income and Resources?
  - Income = gross Social Security benefit, pension, employment.
  - Resources= bank accounts, stocks/bonds, IRA’s.
  - Excluded Resources=your home, car, household items, burial plot.

• In 2020, drug costs for most people who qualify will be no more than $3.60 for generic and $8.95 for brand name drugs.
