Poll: Who Recruits Landlords?

Equity

As we talk about engaging and marketing to landlords, it’s important to acknowledge that people of color may face additional discrimination and disparities in accessing and maintaining stable housing.
Why are Private Landlords so Important?

- Not enough permanent supportive housing or low-cost social housing for everyone experiencing homelessness
- Allows intensive resources to be used for those who need it most
- Access to safe, stable, affordable housing
- Provides a greater menu of choice regarding location, size, and style of housing
- Costs per unit are lower

Finding Landlords and Units in the Community

Homeless services agencies have traditionally not done a good job at locating and working with private landlords.

- Not a natural skill set for many working in this sector
- Reluctance to engage in the community
- Willingness to let the client do the leg work
- History of reluctance within the private rental sector
- Belief that there are better alternatives
- Mixed quality units

Finding Affordable Housing

You have to find the units. They will not come to you.

- Word of mouth
- Driving through neighborhoods, looking for rental signs
- Local colleges, churches, and community centers
- Landlord recruitment – Chamber of Commerce, landlord associations, social clubs, using your political connections and champions

Understanding Landlords

- Rental housing is a business
- They are looking to reduce risk
- Maximize return on investment
- Small landlords are the largest supplier of affordable housing in the country
Four Things Landlords Want

- Good neighbor
- Property Care
- Long-term Renter
- Rent Paid on time

Working With Landlords

- Understand landlord priorities:
  - Rent payments
  - Apartment maintenance
  - Peaceful community
  - Keeping units filled
  - Assistance with problem tenants

Key Elements to Developing Landlord Partnerships

- Honesty
  - Be truthful about what is in your control and what is not
  - Don't promise something that will not happen
  - Be clear about your role

- Integrity
  - Always follow through with what you say you will provide/do
  - Be accountable to the landlord, keep them informed of any changes

What Do You Offer to Sway a Landlord to Work with You?

- How long you will provide RA is information that may/may not be shared at the BEGINNING of the housing application process because it can affect how the property manager scores your client's application.
- If you have mitigation funds available this is information that should DEFINITELY be passed on to the landlord.
- Case Management is an asset!
Poll: Landlord Communication to Understand Barriers

Why Market Your Program?

- In many ways, you are “selling a product” in the open market. You have to convince property owners that your “product” will meet their needs and address their concerns.
- Marketing the program is one of the best tools to use in developing a pool of landlords and management companies who are willing to rent directly to your clients.

Who Do You Market To?

- “Mom and Pop” landlords
- Property management organizations
- Other service providers

Landlord Repayment Plans

- Case managers should work with program participants and landlords to create repayment plans as necessary.
- Sample Repayment Agreement: http://www.mnhousing.gov/get/MHFA_017809
- Case managers should work with clients to access all available benefits

ESG-CV

On July 19, 2021, HUD released a new notice guiding the ESG-CV program offering flexibilities:

- **Sponsor-based Rental Assistance**—allowable when necessary to use RRH and HP to re-house program participants quickly in permanent housing where landlords might not otherwise be willing to rent to them.
  - Provided through a contract that:
    - (1) is between the recipient or subrecipient and a separate government agency, instrumentality, or nonprofit organization ("sponsor") that owns or leases dwelling units; and
    - (2) provides that rental assistance payments shall be made to sponsor and that program participants shall occupy such assisted units.
- **Renters Insurance**—if it is necessary to obtain or maintain housing.
