Agenda

- Welcome & Introductions
- National Overview of Rural Student Homelessness (NCHE)
- Data-Driven Facts of Rural Student Homelessness (Chapin Hall)
- Local Spotlights Panel
- Reminders & Resources
- Closing

Objectives

Attendees will:

- Understand the components of COHHIO Course to HOME
- Understand the national scope of rural homelessness
- Learn best practices for meeting the needs of students experiencing homelessness in rural Ohio
- Learn resources to support students experiencing homelessness in rural Ohio
- Connect with rural peers

Agenda

- **Welcome & Introductions**
- National Overview of Rural Student Homelessness (NCHE)
- Data-Driven Facts of Rural Student Homelessness (Chapin Hall)
- Local Spotlights Panel
- Reminders & Resources
- Closing

Welcome!

Please say hello in the chat box and share

- Your name & pronouns
- Name of your District
- Name one small thing you appreciate about your rural community

COHHIO Course to HOME

Housing. Opportunities. Meaningful. Engagement

Community of Practice Principles

1. We recognize that all communities and districts are unique but have some shared challenges and can learn from each other's experiences
2. We embed student and family leadership in decision-making, designing and implementing strategies
3. We ensure strategies and approaches improve equity, including racial & LGBTQ+ equity
4. We are solution-oriented and creative in our planning and problem solving
5. We promote peer support and shared learning opportunities
6. We explore, develop and integrate best practices at the core of our approaches

COHHIO is here to facilitate the conversation and share knowledge learned from working with communities, not to own the space

Community of Practice Agreements

- Listen for understanding
- Check in and check out
- Expect and accept non-resolution
- Practice “both/and” thinking
- Be aware of intent and impact
- Make space, take space
- Safe Terms:
 - “ELMO”
 - “Ouch”

For more information review the [Guide to Community of Practice](#)

Understanding COHHIO Course to HOME Community of Practice

Introduction

About COHHIO Course to HOME

COHHIO Course to HOME is an exciting new opportunity for Ohio school districts and educational service centers. The [Ohio Department of Education](#) (ODE) received federal formula allocated funds through the [American Rescue Plan](#) to provide increased support, and professional development opportunities to districts specifically in meeting the need of the following vulnerable student populations experiencing homelessness:

- rural children and youth
- students of color
- children and youth with disabilities
- English learners
- LGBTQ+ youth
- students in foster care
- justice-involved youth and
- pregnant, parenting, or caregiving students

ODE has teamed up with the [Coalition on Homelessness and Housing in Ohio](#) (COHHIO) to provide communities of practice and other professional development supports, called [COHHIO Course to HOME](#). You can read more about the partnership by reviewing Ohio's ARP-HCY state plan [here](#). The purpose of COHHIO Course to HOME is to increase resources and coordinate intentional responses for districts in order to meet the need of vulnerable students experiencing homelessness. Additionally, COHHIO Course to HOME provides on-demand [technical assistance](#) to help districts respond to the needs of student homelessness.

What is community of practice?

Community of Practice

A widely used definition of community of practice comes from Etienne and Beverly Wenger-Trayner, who helped articulate the concept in 1991 – *Communities of practice are groups of people who share a concern or a passion for something they do and learn how to do it better as they interact regularly.*

Why community of practice?

The motivation for convening a community of practice at the most fundamental level, is a group of people coming together driven by a shared learning need, in this case student homelessness with an emphasis on the following vulnerable groups;

- rural children and youth,
- students of color,
- children and youth with disabilities,
- English learners,
- LGBTQ+ youth,
- students in foster care

The Myth of Urban Youth Homelessness

Urban and Rural Realities

- Rates of poverty have historically been higher in rural than urban areas.
- According to the 2019 American Community Survey, this discrepancy persists.
- Youth homelessness affects rural and urban areas alike.
- Rates of youth experiencing homelessness were similar in rural and non-rural areas.

Poverty Rates

Non-Metro Counties	15.4%
Metro Counties	11.9%

Youth 13-17 Experiencing Homelessness

Household Prevalence in Rural Counties	4.4%
--	------

Household Prevalence in Urban Counties	4.2%
--	------

Missed Opportunities: Youth Homelessness in Rural America

“The lack of evidence of what works in supporting young people in rural contexts limits our ability to identify effective programs or practices to serve them.”

Relationships and Rigor

- Identification
 - Examine your local data to help evaluate the need for outreach and/or improved identification in your community.
 - 2.5% of the overall student population
 - Build relationships with community agencies such as domestic violence shelters
- Services
 - Focus on student outcomes
 - “Nothing about us without us”

Research on Rural Youth Homelessness: Challenges and Strategies

Presentation to the Ohio McKinney-Vento Community of Practice

Dr. Matt Morton

May 18, 2020

1ⁱⁿ 10

young adults ages 18-25 experienced a form of homelessness over a 12-month period.

That's 3.5 million young adults. About half of them involved explicitly reported homelessness while the other half involved couch surfing only.

1ⁱⁿ 30

youth ages 13-17 experienced a form of homelessness over a 12-month period.

That's about 700,000 youth. About three-quarters of them involved explicitly reported homelessness (including running away or being kicked out) and one-quarter involved couch surfing only.

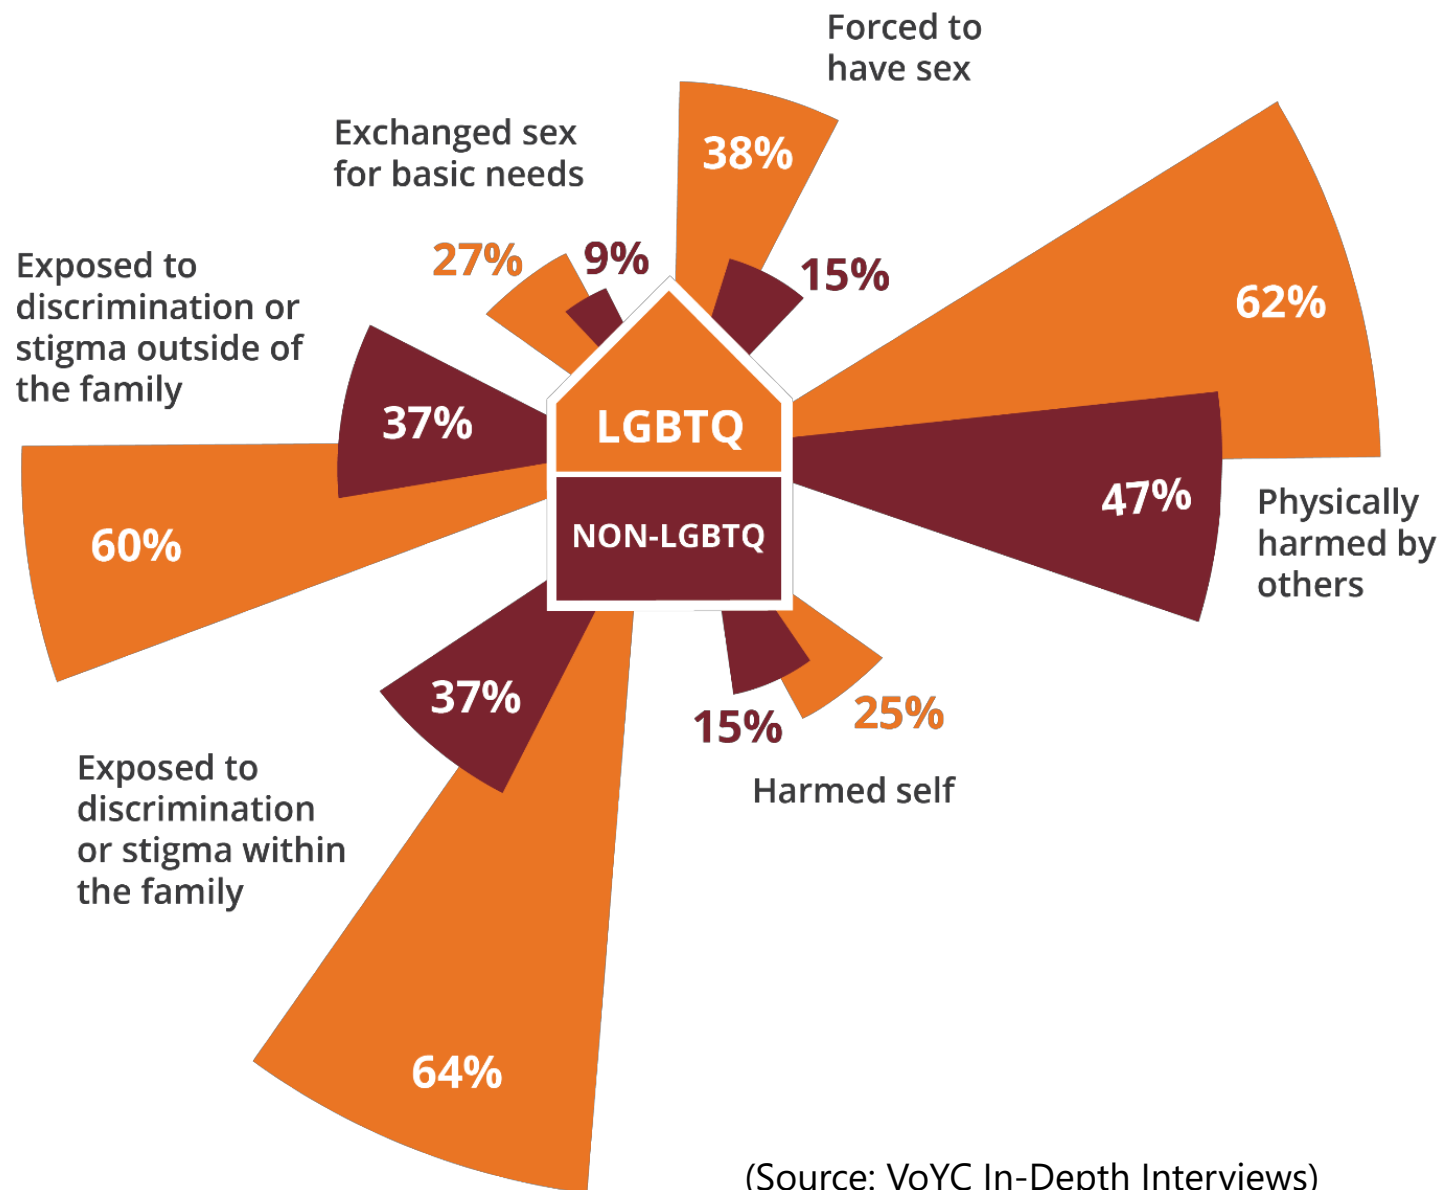

Chapin Hall's Voices of Youth Count study revealed a broad & hidden challenge of youth homelessness in America

Survey data underscore invisible homelessness in schools

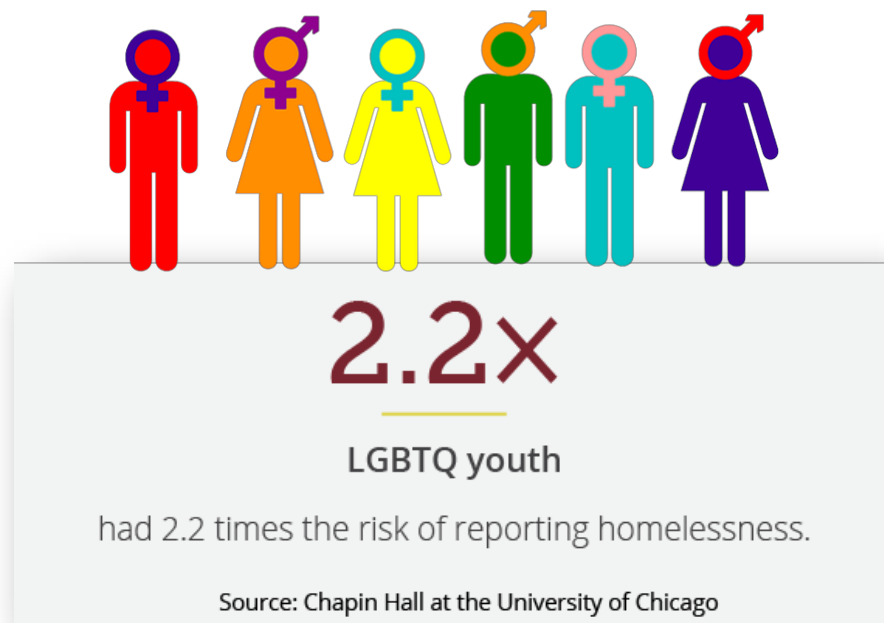

- **5.2%** of high school students reported homelessness in SY 2018-19 in surveys
- That's over twice the rate of students reported by schools as experiencing homelessness (2.3%)

Data: SchoolHouse Connection's analysis of 2019 YRBS data from 27 states (AK, AR, CA, CO, CT, DE, HI, ID, IL, KS, KY, LA, ME, MD, MI, MT, NH, NM, NC, ND, PA, RI, SC, SD, VT, VA, WI)

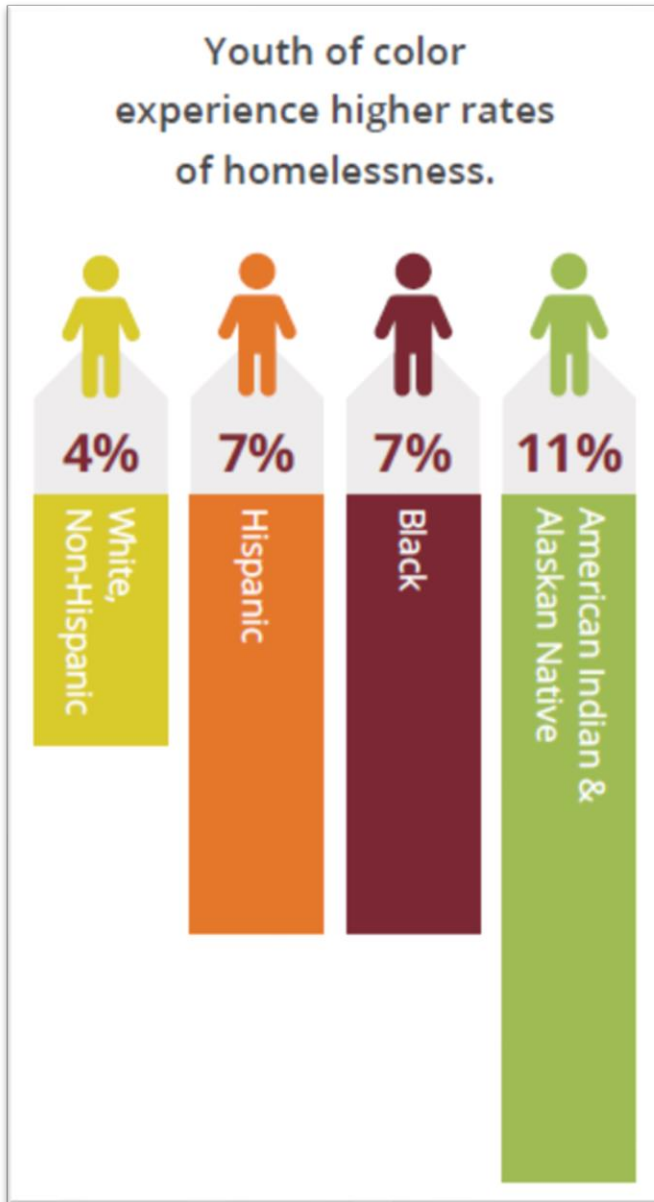

LGBTQ youth come into systems with more adversities

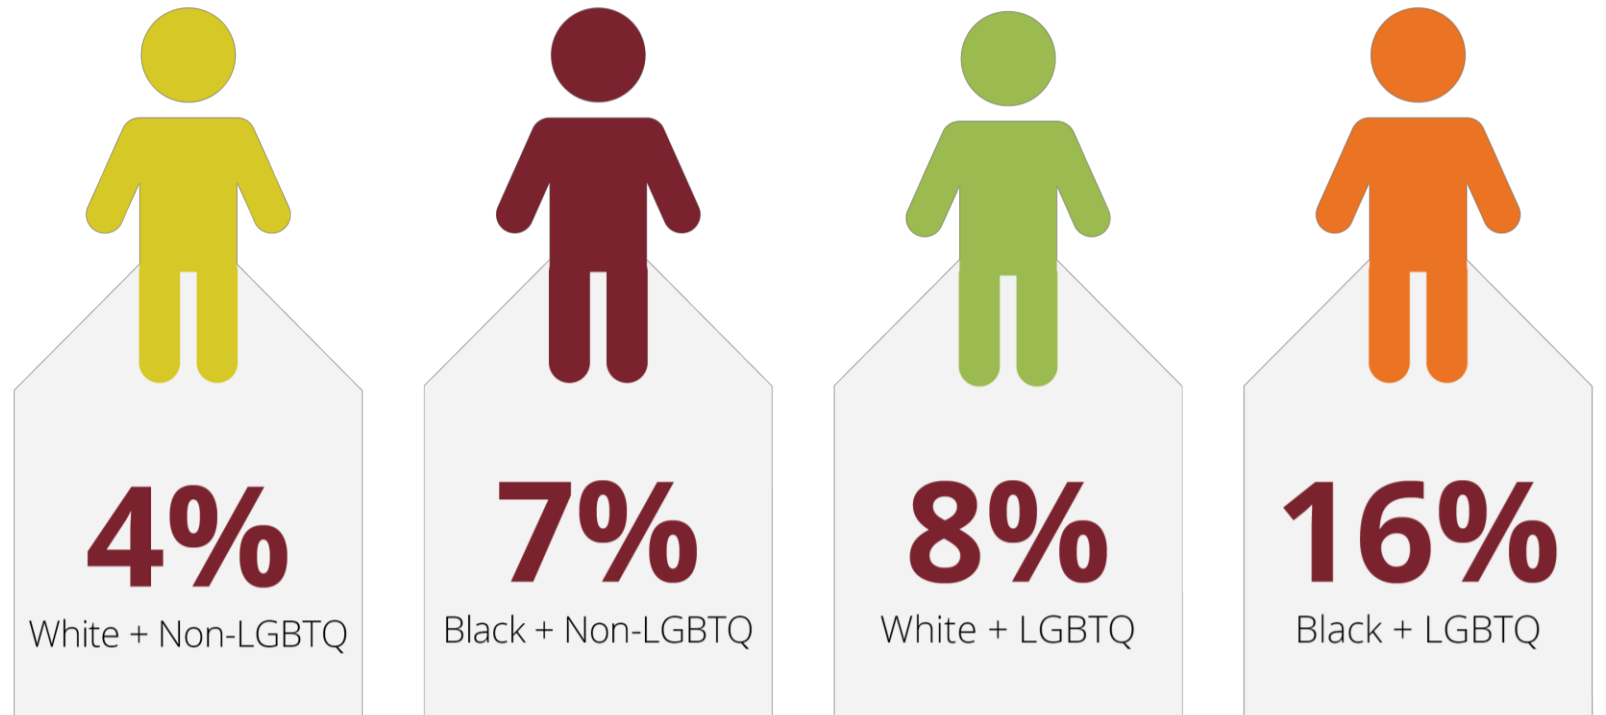

(Source: VoYC In-Depth Interviews)

Race & intersectionality

Explicit homelessness over the last 12 months, self-reported by young adults, ages 18-25. These estimates do not include reports of couch surfing only.

(Source: VoYC National Survey)

Missed opportunities across public systems

Among youth experiencing homelessness on a given night:

46%
ever in
**Detention or
Incarceration**
vs. 15% of general
(older) youth
population

29%
ever in **Foster
Care**
vs. 2% of general
youth
population

34%
had **less than
high school
diploma/GED**
(ages 18-25)
vs. 11% of general
youth population

In Washington State, the largest
number of youth facing
homelessness after a public system:

19%
from **residential
behavioral
health** became
homeless within
12 months

(Source: WA DSHS,
2020)

(Source: Chapin Hall, VoYC Youth Count surveys)

Risk factors for homelessness overlap with risk factors for school dropout

The relationship between educational attainment and homelessness is bidirectional.

Low educational attainment is a risk factor for homelessness*....

Young adults with less than a high school diploma or GED were

4.5x

more likely to report experiencing homelessness than their peers who completed high school.

...and homelessness is a risk factor for lower educational attainment.

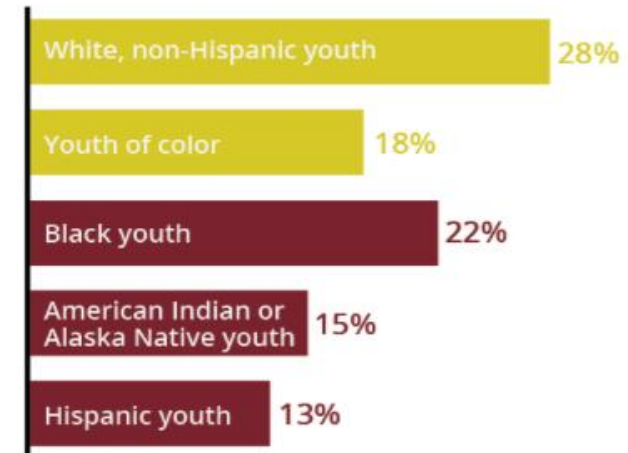

Young adults who experienced homelessness were less than

1/3

as likely to be enrolled in four-year college as stably housed peers.

Racial and ethnic inequities cut across both homelessness and educational outcomes.

Among young adults, ages 18-25, experiencing homelessness, rates of at least some postsecondary education:

Rural youth homelessness: equally prevalent but more hidden

Rates of youth experiencing homelessness were similar in rural and nonrural areas.

Youth 13-17

4.2%

Household prevalence in urban counties.

4.4%

Household prevalence in rural counties.

Young Adults 18-25

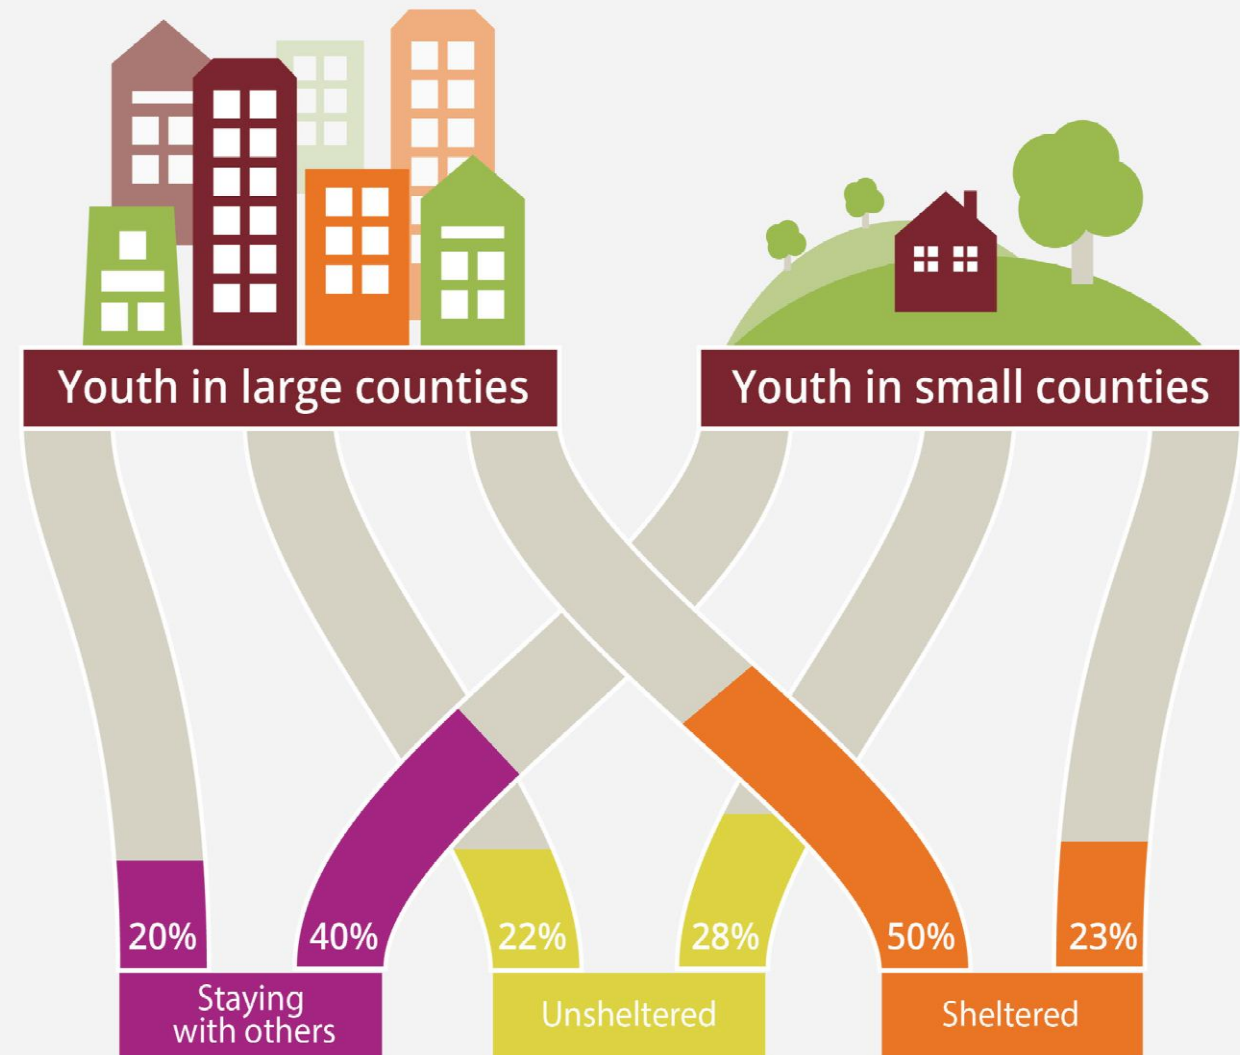

9.6%

Population prevalence in urban counties.

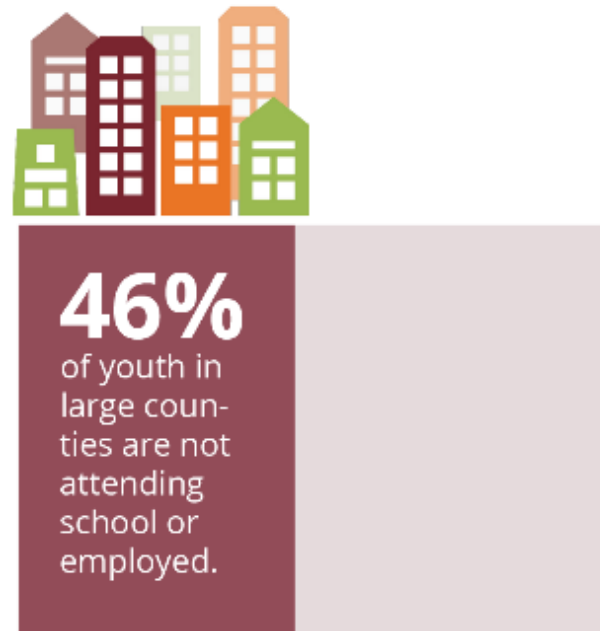

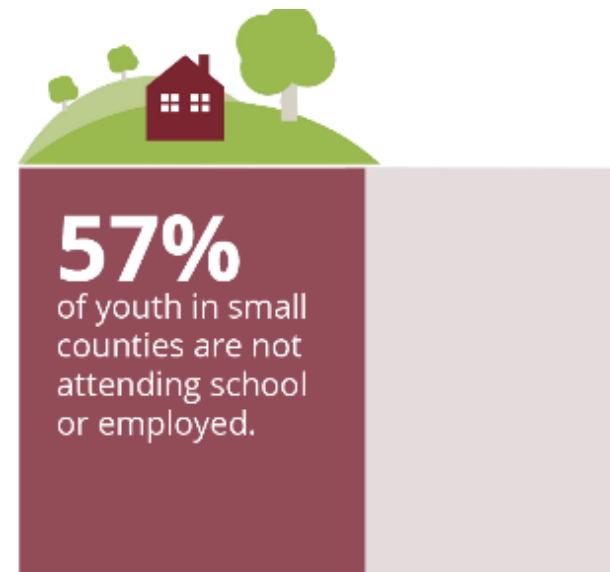

9.2%

Population prevalence in rural counties.

Where youth experiencing homelessness stayed on the night of the youth count.

Rural youth experiencing homelessness are more likely to be out of school and work than youth in larger urban counties

Youth = Ages 16-24
Source: VoYC Brief Youth Survey

VOICES OF YOUTH COUNT

Missed Opportunities: Youth Homelessness in Rural America

October 2018

The fifth in a series of Research-to-Impact briefs by Chapin Hall at the University of Chicago on understanding and addressing youth homelessness.

In Voices of Youth Count's first Research-to-Impact brief, researchers estimated that nearly 4.2 million youth and young adults in America experienced some form of homelessness during a 12-month period. *Missed Opportunities: Youth Homelessness in Rural America* highlights research related to the specific experiences of young people who reside in the vast areas of the country that have fewer people and more widely dispersed services. The findings show that rural youth homelessness is just as prevalent as homelessness in urban areas. However, in rural areas, youth experiences of homelessness are more likely to be hidden, and these youth face unique challenges accessing education, jobs, services, and support.

CHALLENGES & OPPORTUNITIES IN ADDRESSING RURAL YOUTH HOMELESSNESS

Stakeholder Focus Group Findings

ERIN D. CARREON • JONATHAN BRODIE • MATTHEW H MORTON

Challenges Identifying Youth

Undercounting

- Rural areas underestimate the number of youth experiencing homelessness due to lack of community awareness

Liaisons

- Youth were not aware their schools had federally required school-based homelessness liaisons

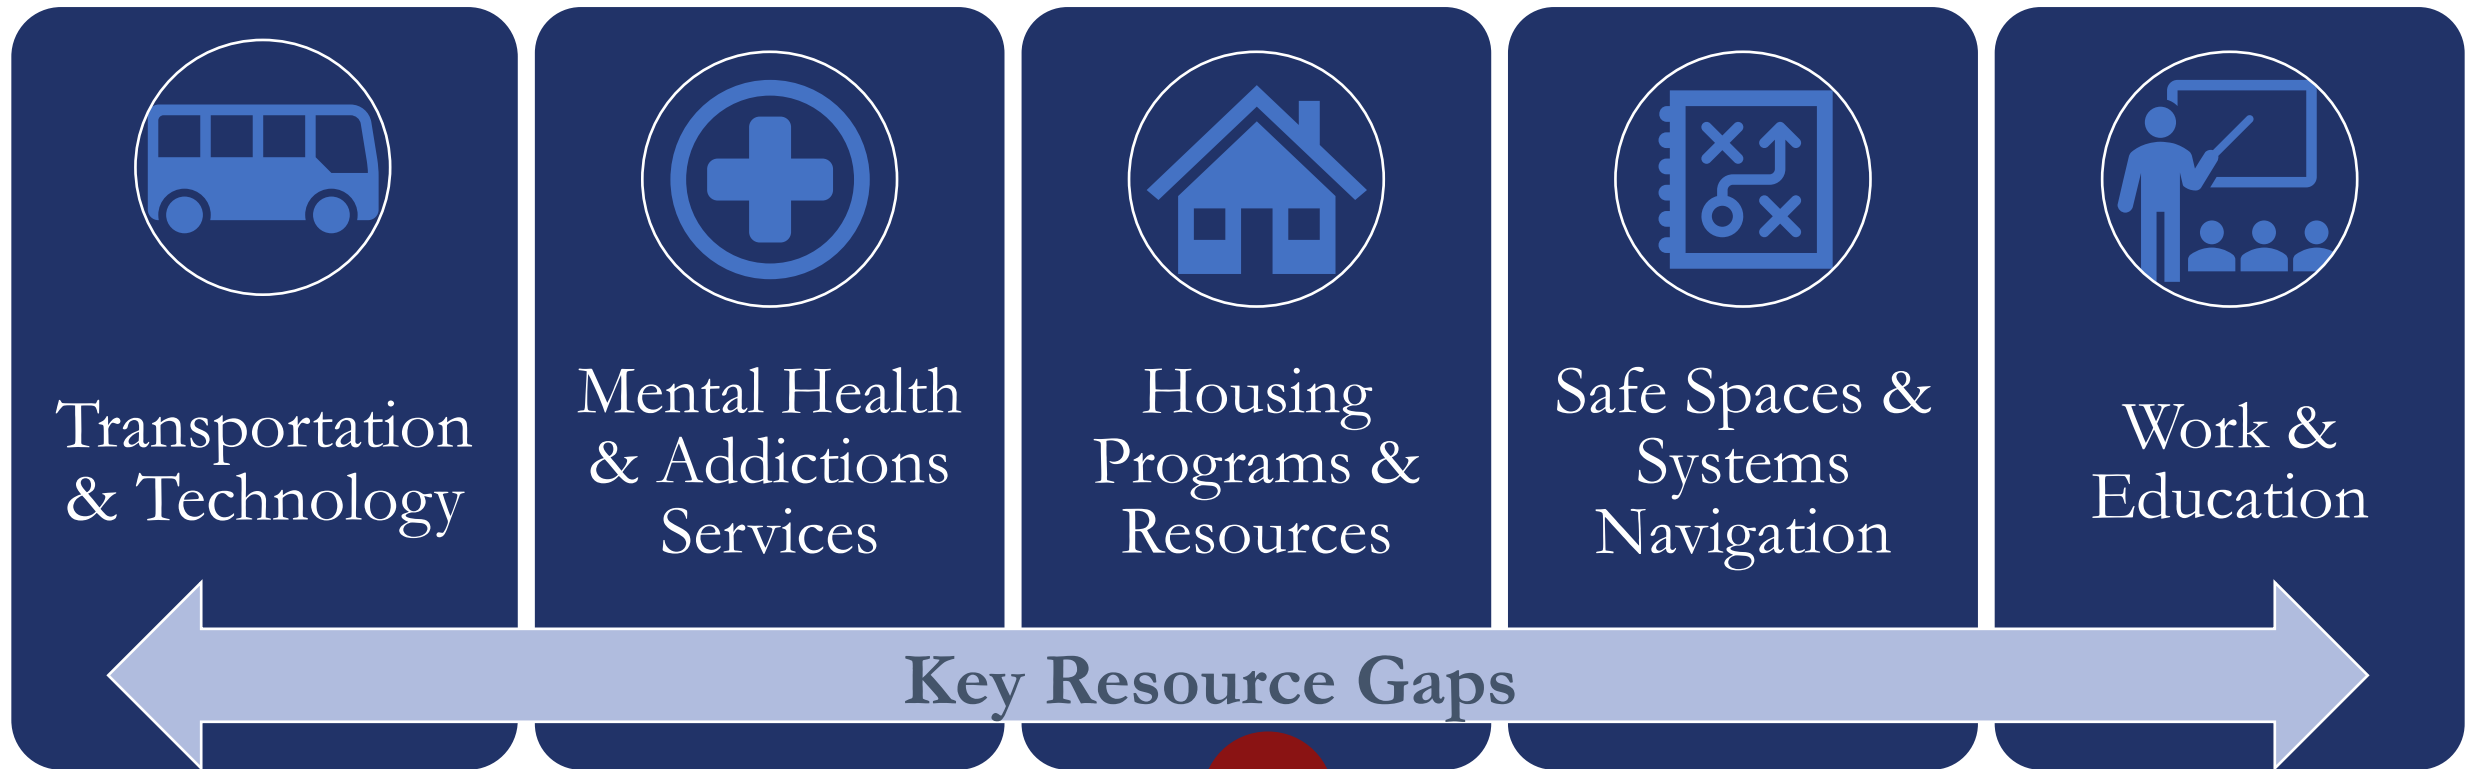

There's a lot of youth that I know, they didn't quite understand what it meant to be homeless, and in fact it took me a while to realize that I actually was qualified as homelessness...

I didn't even know that we had a homeless liaison.

-- Young Adult Stakeholder

Services & Supports

“We have kids using social media and other very unsafe avenues to find housing, because we can't help them.”

-Regional Stakeholder

Equity & Inclusion

Racism

- Youth reported experiencing racism from rural public systems.

Tribal Nations & Marginalized Communities

- Lack funding to develop strategies

LGBTQ+

- Rural areas lack affirming services and supports for LGBTQ+ youth.

“

A lot of these services are being dealt by churches and a lot of youth don't feel comfortable with churches.

-- Young Adult Stakeholder

Cross- Systems Collaboration

Over the last year, just by learning about each other, I understand so much more of the pressures that Children's Services is going through, Juvenile Courts are going through. Just by these resources allowing that dialogue, it's breaking down that "us and them" kind of deal.

– Regional Stakeholder

Barriers to Youth Collaboration

“We have to have the money to reimburse and compensate the young people in an intentional way.”

--Regional Stakeholder

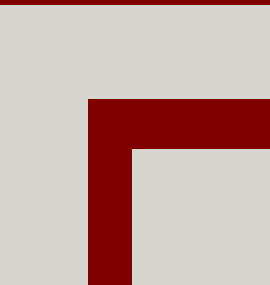

The Role of Schools

In rural areas, school systems have to play a stronger role in the absence of services.

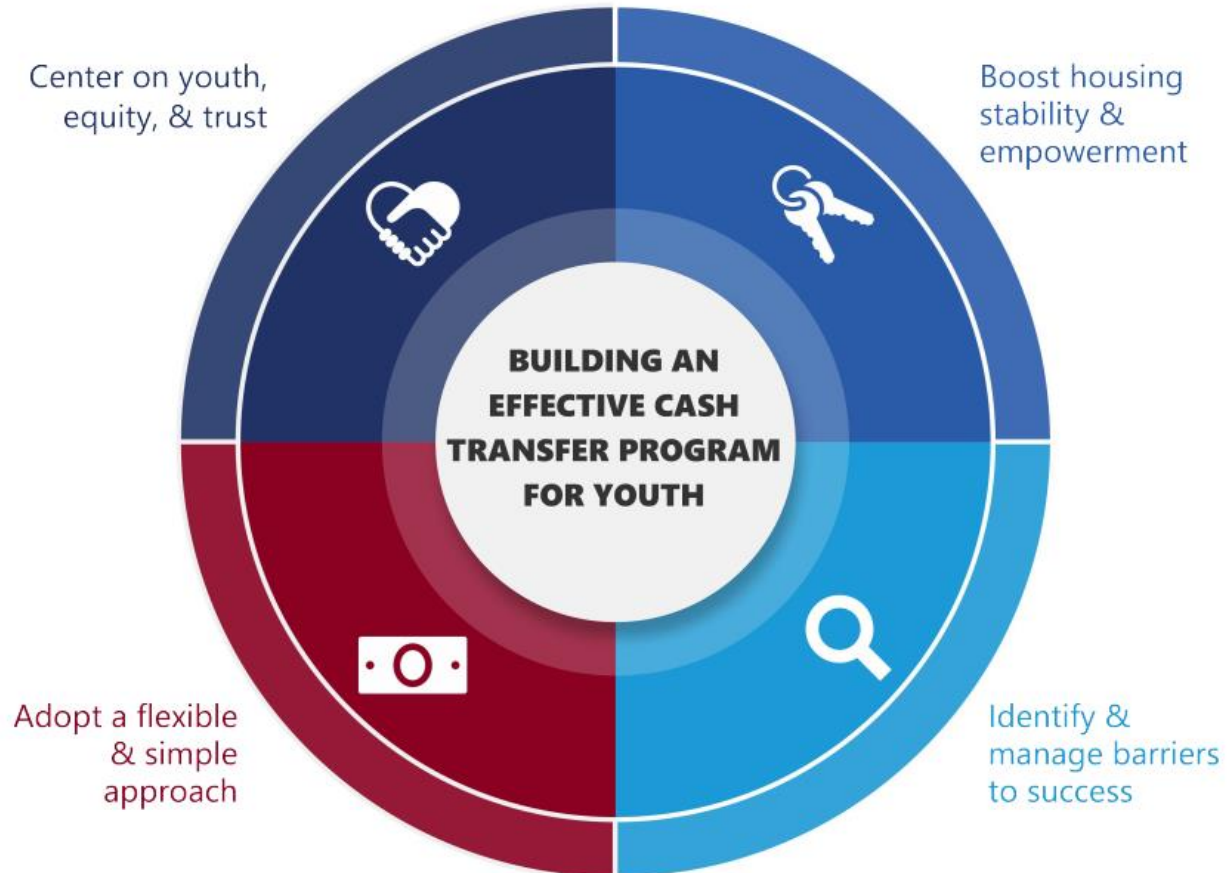

To prevent and address youth homelessness, rural schools need more capacity to:

- identify youth and raise awareness
- dismantle systemic racism
- support LGBTQ+ affirming services and supports

Youth-Driven Solutions

A collaborative process shaped the project

DEVELOPING A DIRECT CASH TRANSFER PROGRAM FOR YOUTH EXPERIENCING HOMELESSNESS:

Discussion

- Reflections from community of practice today in the context of your community?
- What are some of the hidden challenges of rural homelessness?

Discussion

- What practices have you found most effective for collaboration in rural settings?
 - What identification strategies have you found effective in your work?
 - What steps can service providers take to address transportation barriers in their communities?
- How have you seen your district or others successfully address the needs of students experiencing homelessness in rural Ohio?
