Youth Advocacy Fellowship!

ANNOUNCING: The Youth Advocacy Fellowship!

The goal of the Youth Advocacy Fellowship, supported by ViiV Healthcare's Positive Action Community Grant Program, is to **increase the capacity of youth leaders** to participate in, and ultimately lead, local and national policy advocacy campaigns as it pertains to **innovative, affirming, and youth-driven solutions to homelessness**, particularly direct cash transfers (DCTs) and supportive services like peer navigation. DCT is a growing movement that works to end youth homelessness by **placing money, power, and resources into the hands of young people** and providing optional wraparound supportive services that youth can define and use in the ways that best meet their needs and self-defined goals.

PSY is seeking applicants committed to building and advocating for creative, youth-led initiatives and youth-led solutions addressing housing and healthcare that meet the needs of their communities. The PSY Youth Advocacy Fellowship will **provide one-year advocacy grants of up to \$10,000 to up to 15 QTBIPOC youth and leaders.**
